 PRIME BUILDING, Kaļķu iela 15, LV-1050 Latvia

PRIMEBUILDING

Your new prime location in Riga_

The PRIME BUILDING RIGA was originally designed by the renowned architect Jānis Alksnis. This architectural landmark boasts a prestigious setting: located on an iconic corner in the lively part of Old Town, the spacious street-level retail space is clearly dedicated to intended to serve as imposing flagship store. On the top floors, the elegant surroundings and panoramic views provide distinguished companies a fitting and suitable office environment, making it the perfect location for their company headquarters.

 PRIME BUILDING, Kaļķu iela 15, LV-1050 Latvia

THE LOCATION

The PRIME BUILDING RIGA is located at Kaļķu iela 15, right in the heart of Riga's Old Town. With its historic, charming architecture and narrow, cobbled streets, Riga's Old Town has been a UNESCO World Heritage Site since 1997.

The building is easily accessible and just a short walk from the city's main attractions. Nearby, you'll find a variety of cafés, restaurants, supermarkets, and shops. Public transport connections are excellent, with Riga central station, tram and bus stops just a few minutes away on foot.

OUR TARGETS

We work continuously to improve our buildings, hence we are analyzing optimization possibilities and invest in measures to reduce energy consumption. As a result, we are aiming for BREEAM Certification already in 2025!

But not only the quality of the building counts for us, but also the well-being of our tenants! Therefore, we will be offering various events, vouchers, sport classes and workshops throughout the year to our clients.
